miniStep

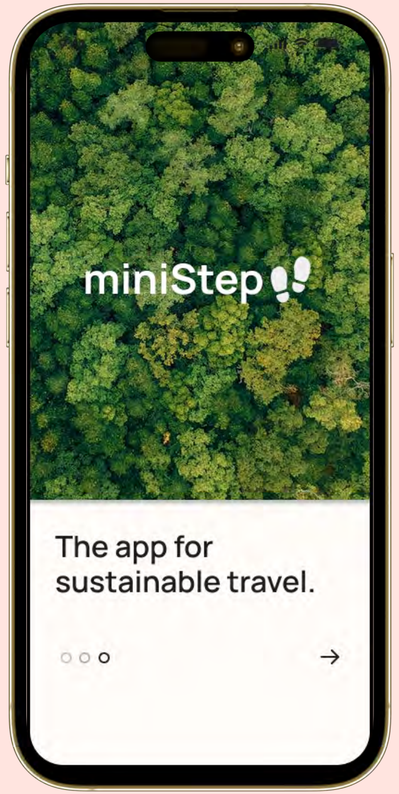
Sustainable Travel

About miniStep

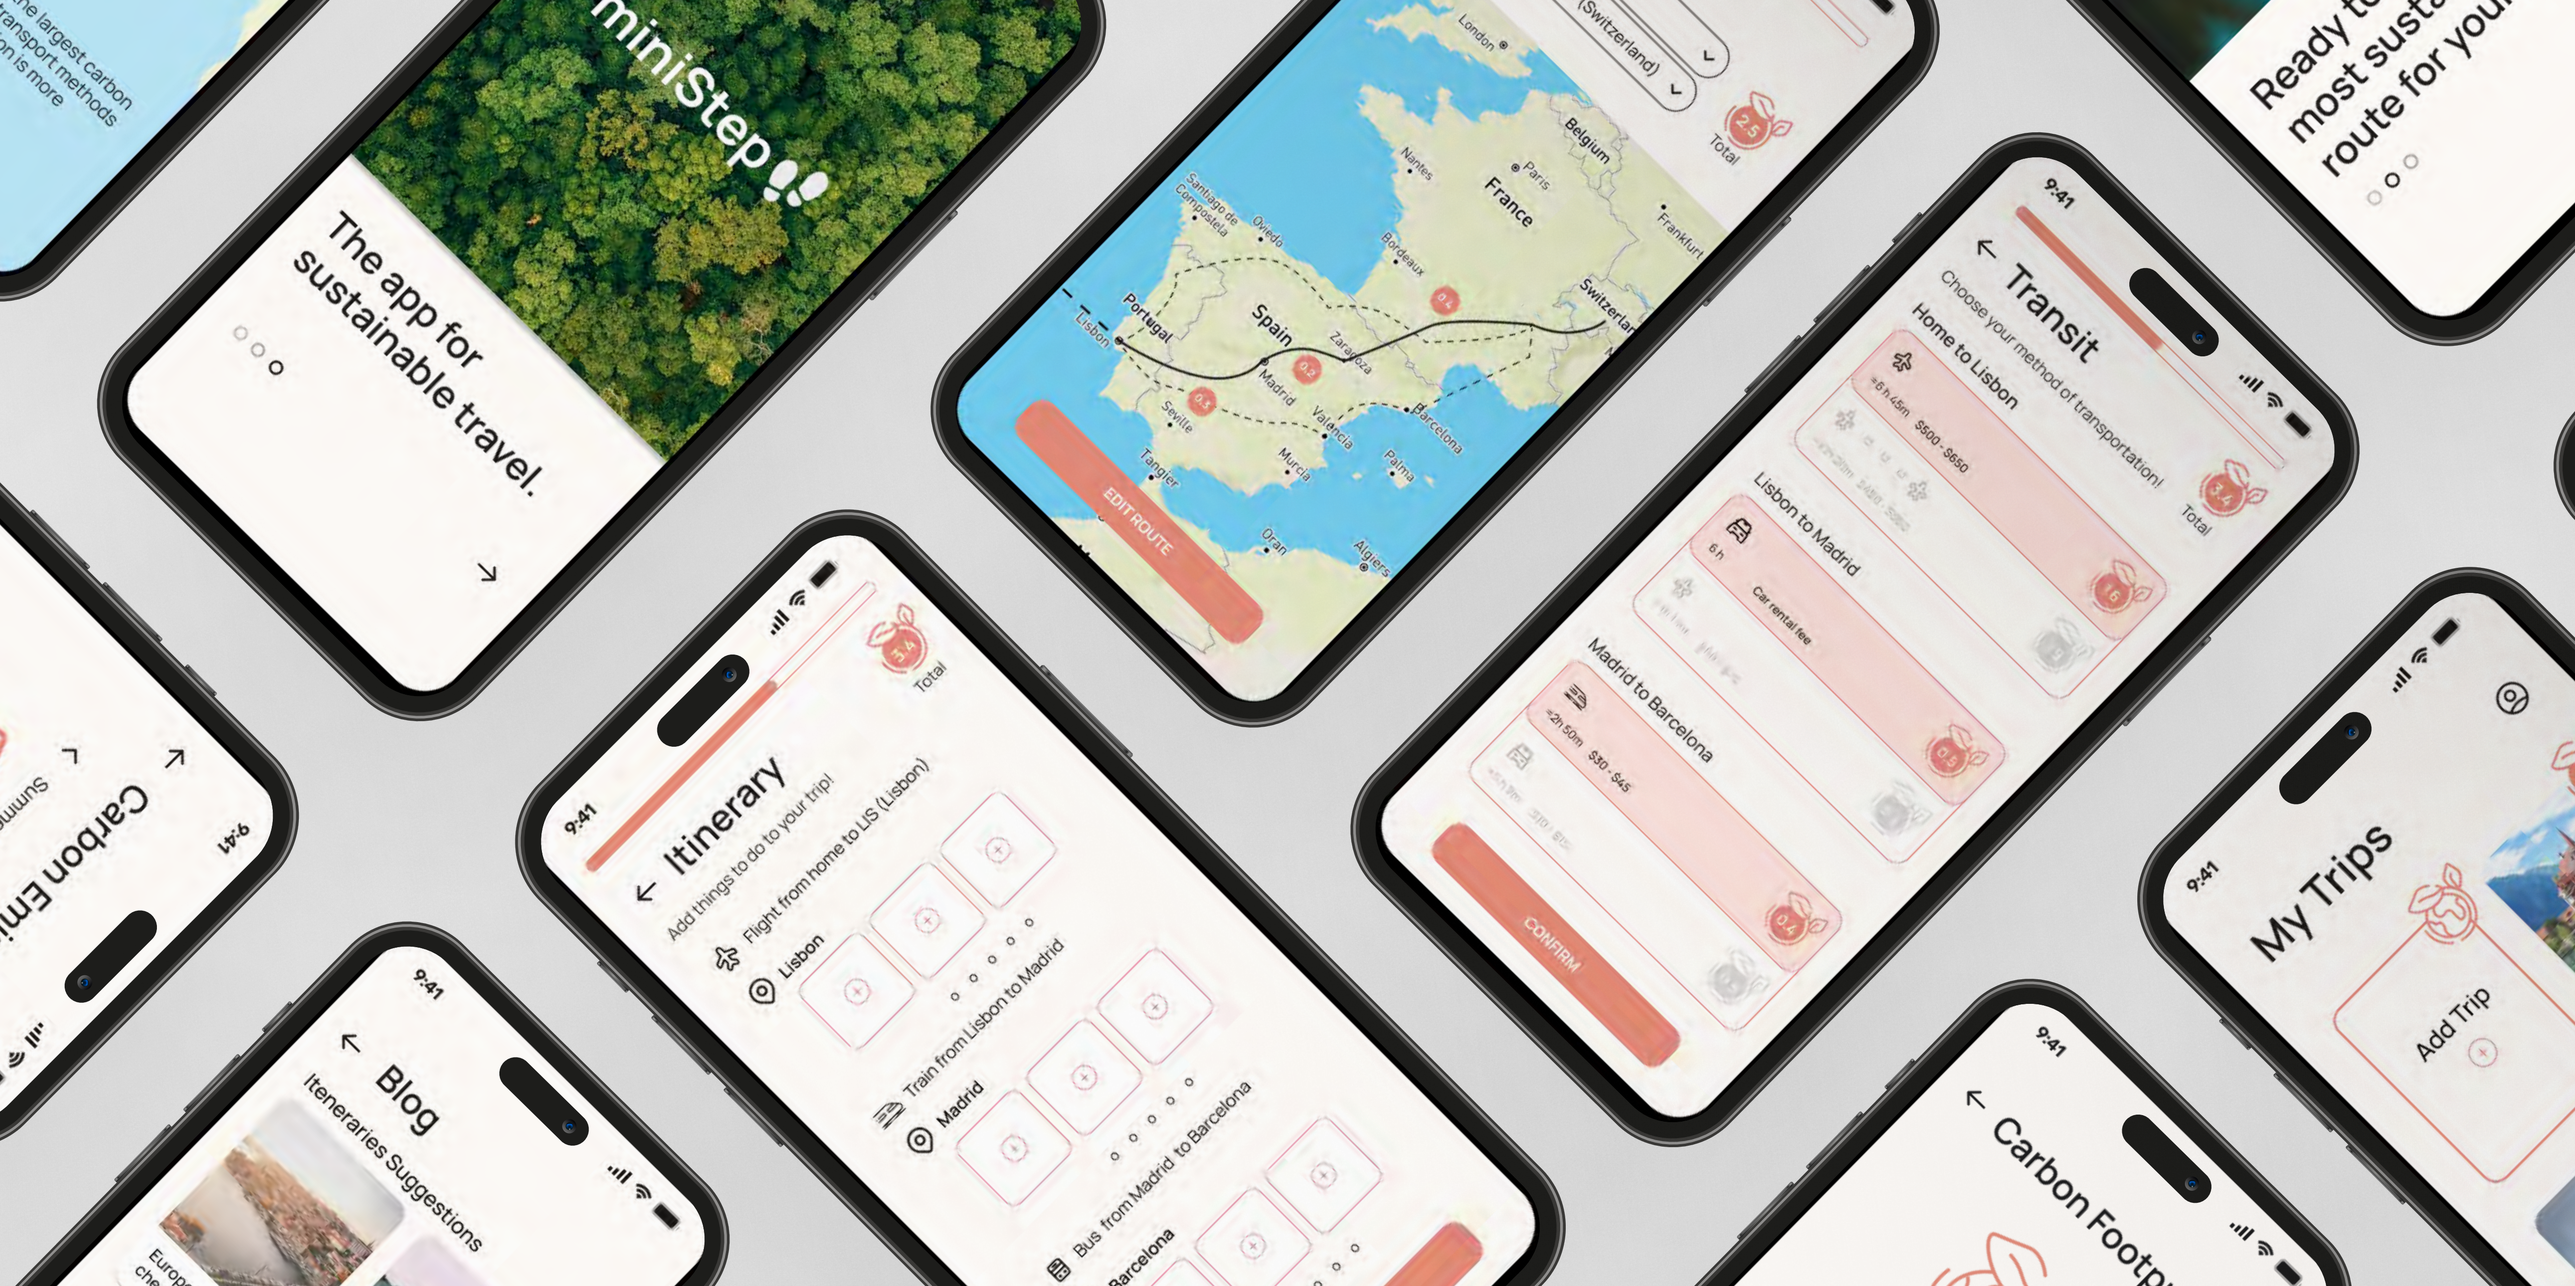
miniStep is a travel app for sustainable travel. Instead of travelling long flight, the app will suggest routes that is shorter and more sustainable for users to get to their destination.

We wanted to design an easier way to plan a sustainable travel route and explore less popular places.

#sustainable travel #smaller carbon footprint #travel more #joinme #fun



“ Hey! Mini Steps Makes a Difference! ”



miniStep
The app for sustainable travel.
